

# Room 7 - Classroom News

Learning is Child's Play

April 2016

## FROM THE TEACHERS: MRS. ACKER & MRS. FABIAN

Spring, hopefully, is coming!

We will start our formal study of birds. Children will learn that:

- Birds have wings, feathers, beaks, tails and lay eggs
- Birds come in all sizes
- Not all birds fly, they move in different ways - fly, walk, run, swim

### Family Art Activity

I will send home a bird's body for you to decorate. We will be adding the wings and tail at school and they will fly around our room. Return by April 22<sup>nd</sup>.

Just a reminder...

Make sure your child is dressed for outdoor play. The temperature will begin to vary day to day.

- Return the April Home-School Connection sheet by April 29<sup>th</sup>

Mr. Lance & Mr. Bandi read to the children during Read Across America Week

## THANK YOU

All the families who attended conferences

Those parents who returned the Home School Connection Sheets.

## CALENDAR

### HIGHLIGHTS

**April 11 - 17**

Spring Vacation

## IN OUR CLASSROOM - PLAY IS IMPORTANT

**PIZZA** - Last month we made pizza for our cooking experiences. It was a learning experience that involved:

Exploring tomatoes, mashing and cooking them to make sauce. Then chopping and tasting peppers

## WISH LIST

### Don't Throw it Away

Stuff that you might first think of as trash can be used in the classroom. Some suggestions appear below.

- Envelops for our writing area

## BOOKS

WE HAVE READ

Pete's A Pizza

The Pizza That We Made

The Little Red Makes a Pizza

This was the favorite

Pizza At Sally's

# Pictures From School - March to April

## Active Learning

### We made pizza

We took an English muffin

Then we spread it with sauce.

Next we added cheese.

Then we topped it with olives & peppers.
